Greetings Fiber Arts Friends!

Believe it or not... Spring is just around the corner! That means thinking about what new patterns & yarns to knit for warm weather. If you attended our 3rd Annual Knitting Retreat just last weekend, you were one of the **FIRST** to view over 30 beautifully modeled items perfect for Spring & Summer wear! Pictured below is a sampling of the items that were modeled. Many of the models will be on display at the shop thru 3/31/2010. *We are continuing our "BAG SALE" from the retreat till the end of the month: Purchase any yarn in sealed bag for 25% savings off the regular price; see "Sale News" 2nd paragraph below.* So please stop in the shop or call us for more inspiration and ideas on warm weather projects.

Retreat News: Months and months of work go into planning the Annual FIBER ARTS Knitting Retreat held at Congress Hall in our Victorian town of Cape May. First we should thank Vanessa of Plymouth Yarns for her organizing the Fashion Show and designing several garments just for Fiber Arts. Next we want to specially thank all of our "Retreat Participants".... it's so worth while sharing the best of Cape May and Knitting with you. Not to mention meeting new knitting friends. Over 30 avid knitters and crocheters attended the **Fiber Arts Knitting**

Retreat, and were able to take home new skills and knitting techniques they did not have before. You could feel the "Love of Fibers" in the air as you walked by the tables and saw the concentration of the students learning new techniques in knitting, crocheting, and button making, from some of the workshops being taught. Shown on the right is a picture our Crochet Edgings class. We will soon be putting photos of our entire retreat on our website (www.yarnsrus.net) We are looking forward to seeing everyone again next time they visit our shop. If you missed the Retreat Workshops, you can still take one or more beginning 3/27 at the shop, see "Did You Miss Our Retreat Workshops" last paragraph.....
